RATE INFORMATION

The Annual Percentage Yield (APY) is a percentage rate that reflects the total amount of dividends to be paid on an account based on the dividend rate and the frequency of compounding for an annual period. The dividend rate and annual percentage yield on your account may change quarterly based on the determination of the DOY Board of Directors. The APY is provided on the Share Draft Account's monthly statement and is published in DOY's quarterly newsletter and on the credit union's website www.doyfcu.com.

Compounding and Crediting

Dividends will be compounded and credited as set forth above. The dividend period begins on the first calendar day of the dividend period and ends on the last calendar day of the dividend period.

Balance Computation Method

Dividends are calculated by applying a periodic rate to the average daily balance in the account for the period. The average daily balance is determined by adding the full amount of principal in the account for each day of the period and dividing that figure by the number of days in the period. If the minimum average daily balance is not met, you will not earn the stated APY.

Accrual of Dividends

Dividends will begin to accrue on cash and noncash deposits on the business day you make the deposit to your account.

Nature of Dividends

Dividends are paid from current income and available earnings after required transfers to reserves at the end of a dividend period.

Deposit Insurance

Member deposits are federally insured up to \$250,000 by the National Credit Union Share Insurance Fund. The fund is administered by the National Credit Union Administration and is backed by the full faith and credit of the United States Government. (Visit www.ncua.gov for more information.)

Withdrawal Restrictions

DOY reserves the right, at any time, to require members to give, in writing, not more than 60 days' notice of intention to withdraw all or any part of the amounts so paid in by them. DOY does not maintain large cash balances on the premises; therefore, cash withdrawals may be limited.

- If there is not enough money in your Share Savings Account to cover the overdrafts, DOY may try to contact you to bring in sufficient funds to cover the overdraft(s). Funds must be deposited the same day as the overdraft. DOY will charge a \$10 fee each time this service is utilized.
